New York State Department of Health, Bureau of Early Intervention Application for the Approval of Individuals As Early Intervention Evaluators, Service Providers & Service Coordinators

This application is to be used to apply for approval of individuals as early intervention evaluators, service providers and service coordinators for the statewide Early Intervention Program under Title II-A of Article 25 of the Public Health Law.

Who May Apply: Individuals recognized as qualified personnel by the Early Intervention Program, as defined in 10 NYCRR Section 69-4.1(aj) and with the requisite experience, will be considered for approval as Early Intervention Program Individual Providers. Refer to the definition of Individual Provider contained in the Definition Section of this application packet. The New York State Department of Health is not able to issue approvals to individuals who are in the United States (U.S.) on an H-1B visa, to provide early intervention services. H-1B visas are nonimmigrant classifications used by aliens who will be employed temporarily in specialty occupations. Federal immigration law requires that individuals in the U.S. on H-1B visas be employed by the U.S. employers that petitioned the federal government for approval to hire the individuals and only in the H-1B activities described in the petition.

Occupational therapy assistants, physical therapy assistants, licensed practical nurses and physician assistants can be approved as individuals only for service coordination. The New York State Department of Health is not able to issue approvals to them for the direct provision of services. To provide direct services, they must be directly employed by an approved agency.

Minimum Requirements: Applicants must be currently licensed and registered or certified in a profession recognized by the Early Intervention Program as qualified personnel.

Applicants must have documentation of a minimum of 1,600 clock hours prior to the date of application to the Department for approval, delivering such service to children under five years of age in an early intervention, clinical pediatric, early childhood education program, which may include relevant experience obtained as part of a supervised educational program and/or clinical internship as a prerequisite for professional licensure, certification, or registration, and provided that such experience must have included direct experience in delivering services to children with disabilities and their families.

How to Apply for Approval as an Individual Early Intervention Provider: To obtain approval, the applicant must submit a completed application, including all required schedules and attachments to the New York State Health Department. Signatures must be original and the application must be notarized.

Staff within the NYSDOH Bureau of Early Intervention will review the application for completeness. If the application is incomplete, the application and all attachments will be

returned to the applicant with a letter stating what additional information is required for approval. The application must be notarized again prior to resubmission. When an application is determined to be complete, it will be reviewed. The applicant will receive notification of approval or denial upon completion of the review process.

National Provider Identifier: All NYS licensed providers, certified providers, and service coordinators are required to obtain a National Provider Identifier (NPI) to identify themselves on early intervention claim transactions, including payment to providers and claiming to commercial insurance, Medicaid and the State.

An NPI is obtained by applying on-line at: https://nppes.cms.hhs.gov.

- O When completing the on-line application, do not hit the "back" button or "forward" button on your browser. You will lose all information entered up to that point and you will have to begin the process over. Rather you can use the application's navigation buttons, NEXT or PREVIOUS.
- O You will receive a confirmation number after you complete the on-line process; your NPI should be issued within 15 business days of your application.
- O Additional information can be found at the National Plan & Provider Enumeration System website, https://nppes.cms.hhs.gov.

Suggested Provider Taxonomy:

Profession	Individual Provider Type Code	Classification Name – Area of Specialization
Service Coordinators	17 Other Service Providers	171M00000X – Case Manager/Care Coordinator
Teachers	17 Other Service Providers	174400000X - Specialist
Other Licensed/Certified Providers	Select appropriate code	Select appropriate specialization
If you have more than one license/certification	After selecting first <i>Individual Provider Type Code</i> and Classification Name – Area of Specialization click Save & Add Another to associate additional codes to the same NPI	

The following references may be of assistance when completing this application:

- ◆ Individuals with Disabilities Education Act (IDEA) Part C (Title 20 USC Sec. 1431 et. seq.) and Title 34 Code of Federal Regulations Part 303 (http://www.ed.gov/about/offices/list/osers/osep/index.html)
- ◆ Title II-A of Article 25 of the Public Health Law and Title 10 NYCRR Subpart 69-4 (Early Intervention Program State Program Regulations)
 (http://www.health.state.ny.us/community/infants_children/early_intervention/index.htm)
- ◆ The Office of Children and Family Services provides support for people and organizations that are interested in starting day care programs in their communities. http://www.ocfs.state.ny.us/main/childcare/regionaloffices.asp

♦ The Bureau of Day Care in NYC provides support for people and organizations that are interested in starting day care programs in one of the *five boroughs of New York City*, please contact the Bureau of Day Care in NYC at (212) 676-2444.

Submit your original signed and notarized application to:

Bureau of Early Intervention NYS Department of Health Corning Tower, Room 287 Empire State Plaza Albany, New York 12237-0660

Inquiries concerning this application can be directed to the New York State Department of Health, Bureau of Early Intervention at the above address, by telephone at **(518) 473-7016** or by e-mail at **provider@health.state.ny.us**.

Incomplete applications will be returned. The applicant will receive written notification of approval or denial upon completion of the review process.

National Provider Identifier (NPI) ___ __ __ __ ___

Has your professional license, registration or certificate ever been suspended or revoked, or have you ever been the subject of any other enforcement actions (e.g., fines, sanctions, etc.)?

□ No □ Yes

If "yes", attach a separate sheet providing the following information:

- a. Date(s) of action(s)
- b. Reason(s) for action(s)
- c. Resolution of action(s) (include corrective action that was taken and whether approval has been reinstated)
- d. Date of reinstatement

(Attachment #____)

C. Employment History

- (1) Are you authorized to work in the United States? Yes [] No []
- (2) Are you in the United States on an H-1B Visa? Yes [] No []

The following experience requirements apply to all individuals seeking approval to provide early intervention services as a professional individual provider:

- ♦ A minimum of 1600 clock hours of experience in a clinical pediatric, early intervention or early childhood program setting delivering services to children under five years old that includes children with disabilities and their families.
- Supervised experience required for licensure or certification may be counted toward this requirement when clinical experience has been in a clinical pediatric, early intervention or early childhood education program delivering services to children aged birth to five years that includes children with disabilities and their families.

Using the chart below, indicate a minimum of 1600 clock hours/clinical experience (listing the most recent experience first) in which you provided services in your discipline to infants and young children (age birth to 5 years) and their families in the settings described above. This may include supervised clinical experience required for licensure or certification, provided that such experience includes direct experience in delivering services to children with disabilities and their families. This information may be verified as part of the Bureau of Early Intervention provider application process. Copy this form if additional space is needed to report your 1600 hours.

SCHEDULE 8 – ASSURANCES

The applicant assures the Commissioner of Health of compliance with all requirements under Title II-A of Article 25 of the Public Health Law; 10 NYCRR: Subpart 69-4; Part C of the Federal Individuals with Disabilities Education Act and 34 CFR Part 303.

- ♦ The applicant assures the maintenance of current state licensure and/or certification and demonstrated proficiency in early childhood development, e.g., previous experience in the delivery of services to infants and toddlers with developmental delay or disability.
- ♦ The applicant assures that s/he will notify the Department within two working days of suspension, expiration, or revocation, limitation or annulment of licensure, certification or registration regardless of whether the suspension or limitation is stayed.
- ♦ The applicant assures that s/he has the ability to and will provide services to children in accordance with IFSPs and in natural settings to the maximum extent appropriate.
- ♦ The applicant assures that s/he will immediately notify the Early Intervention Official if s/he becomes aware of any health or safety hazard posed by community-based settings where s/he is providing parent-child groups, family support groups, or group developmental interventions.
- ♦ The applicant assures that s/he will participate in in-service training in the delivery of early intervention services.
- ♦ The applicant agrees to enter into an approved Medicaid Provider Agreement and to reassign Medicaid benefits to the local county early intervention program or City of New York early intervention program.
- The applicant assures s/he has the ability to act as a member of a multidisciplinary team, including demonstration of prior experience in collaborating with other professionals in the design and delivery of services.
- ♦ The applicant assures s/he has the capacity to deliver services on a twelve-month basis and provide flexibility in hours of service delivery, including weekend and evening hours.
- ♦ The applicant assures s/he will comply with the confidentiality requirements set forth in federal and state statute and regulation.
- ♦ The applicant assures that s/he will conform with health, safety and sanitation standards established by the Department;
- Where applicable, the applicant assures that any sites s/he operates and will use for the purposes of early intervention service delivery are compliant with all local fire, health and safety codes, and with the Americans with Disabilities Act.
- ♦ The applicant assures that s/he will request, in writing, approval from the State Agency granting approval, if s/he wishes to modify any of the information contained in this application, including target population or qualifications to deliver services.

National Provider	Identifier (NPI)		

♦ The applicant assures that s/he will abide by department policies as stated in the Department of Health's Early Intervention Program Memorandums and other forms of guidance.

Definitions

Term	Definition
Agency	"Agency" means an entity which employs qualified personnel, and may contract with individual providers or other agencies which are approved by the Department, for the provision of early intervention program evaluations, service coordination, and/or early intervention services.
Available by Contract	A contractor is a provider. See definition of provider. A contractor is independent and responsible for delivering a service. A contractor does not receive wages, and generally receives an IRS form 1099 at the end of the year. Refers to individual qualified personnel available to an agency or municipality through a contractual agreement. An individual under contract is not employed by an agency.
Employed	Refers to personnel directly employed by an agency. Employees' duties are defined by, directed by and, supervised by the agency. An employee receives wages and at the end of the year an employee receives an IRS wage and tax statement (W-2).
Facility Site	A site operated by an applicant seeking early intervention approval where children receive early intervention services.
Facility-based Individual Collateral Visits	The provision by appropriate qualified personnel of early intervention services to the child and/or parent or other designated caregiver at an approved early intervention provider's site.
Family/caregiver Support Group	The provision of early intervention services to a group of parents, caregivers (foster parents, day care staff) and/or siblings of eligible children for the purposes of: (a) enhancing their capacity to care for and/or enhance the development of the eligible child; and (b) providing support, education, and guidance to such individuals relative to the child's unique developmental needs.
Group Developmental Intervention	The provision of early intervention services by appropriately qualified personnel to a group of eligible children at an approved provider's site or in a community-based setting where children under three years of age are typically found (this group may also include children without disabilities).
Home and Community-based Visits	The provision by appropriate qualified personnel of early intervention services to the child and/or parent and/or caregiver at the child's home or other natural environment when children under three years of age are typically found.
Individual Provider	"Individual" means a person who holds a state-approved or recognized certificate, license, or registration in one of the disciplines set forth in early intervention regulations and is <u>under contract</u> with either a municipality or an agency provider. This person is not an employee.

Тотеге	Definition
Term	Definition
Multidisciplinary Evaluation	The procedures used by appropriate qualified personnel to determine a child's initial and continuing eligibility for the Early Intervention Program, including determining the status of the child in each of the following areas of development: cognitive, physical, communication, social or emotional, and adaptive development.
	Multidisciplinary evaluations can be comprised of: <i>Core Evaluations</i> : must include a developmental assessment; a review of pertinent records and a parent interview as specified in regulations and may include a family assessment.
	Supplemental Evaluations: include physician and non-physician evaluations provided upon the recommendation of the multi-disciplinary team conducting the core evaluation and with the agreement of the parent. A supplemental evaluation may also be provided in conjunction with the core evaluation by a specialist trained in the area of the child's suspected delay or disability.
Natural Environment	Settings that are natural or normal for the child's age peers who have no disability, including the home, a relative's home when care is delivered by the relative, childcare setting, or other community settings in which children without disabilities participate.
Parent-child Groups	A group comprised of parents or caregivers, children, and a minimum of one appropriately qualified provider of early intervention services at an early intervention provider's site or community based setting (e.g., day care center, family day care, or other community settings).
Provider	"Provider" means an agency or individual approved in accordance with section 69-4.5 of EI regulations to deliver service coordination, evaluations, and/or early intervention services.
Qualified Personnel	Individuals with the appropriate licensure, certification or registration in the area in which they are providing services. A list of such personnel can be found in early intervention regulations 10NYCRR 69-4.1(aj) and are either individuals who are approved by the State Department of Health and under contract with a municipality or agency provider or employed by agency providers,
Service Coordination	Includes assistance and services provided by a service coordinator to enable an eligible child and the child's family to receive the rights, procedural safeguards and services that are authorized under the Early Intervention Program.
Specialized Services	Expertise providing services to a specific population of children and/or families; e.g., children with autism, children with cerebral palsy
